

# Crevice Scrub

225 mm, Very hard, Yellow

**Item Number: 70406**

Effectively clean beneath and between machines and equipment with an angle-adjustable Crevice Scrub that can even be used with the handle parallel to the floor. The arrow-shaped filaments reach into small cracks and crevices, while a middle row of stiff filaments provides high scrubbing efficacy.

## General Information

|                            |                                                            |
|----------------------------|------------------------------------------------------------|
| Colour                     | Yellow                                                     |
| Material                   | Polypropylene, Polyester (PBT), Stainless Steel (AISI 304) |
| UNSPSC Code                | 47131605                                                   |
| Country of Origin ISO Code | DK                                                         |
| Country of Origin          | Denmark                                                    |

## Product Dimensions

|                      |         |
|----------------------|---------|
| Product Length/Depth | 225 mm  |
| Product Width        | 35 mm   |
| Product Height       | 90 mm   |
| Net Weight           | 0.22 kg |

## Packaging & Shipping Details

Item Number: 70406

## Compliance & Standard Details

|                                                                         |     |
|-------------------------------------------------------------------------|-----|
| Complies with (EC) 1935/2004 on food contact materials <sup>1</sup>     | Yes |
| Complies with EU Regulation 2023/2006/EC of Good Manufacturing Practice | Yes |
| Complies with FDA Regulation CFR 21 <sup>1</sup>                        | Yes |
| Complies with UK 2019 No. 704 on food contact materials                 | Yes |
| Complies with REACH Regulation (EC) No. 1907/2006                       | Yes |
| Complies with California Proposition 65                                 | Yes |
| Complies with Halal and Kosher                                          | Yes |
| PFAS intentionally added                                                | No  |

## Technical Data

|                        |               |
|------------------------|---------------|
| Bristle stiffness      | Very hard     |
| Visible bristle length | 40 mm         |
| Connection             | Euro Threaded |
| Pallet Height          | 179 cm        |

## Usage Limits

|                                                   |         |
|---------------------------------------------------|---------|
| Recommended sterilisation temperature (Autoclave) | 121 °C  |
| Max. cleaning temperature (Dishwasher)            | 93 °C   |
| Max usage temperature (food contact)              | 100 °C  |
| Max usage temperature (non food contact)          | 100 °C  |
| Min. usage temperature <sup>3</sup>               | -20 °C  |
| Max. drying temperature                           | 100 °C  |
| Min. pH-value in usage concentration              | 2 pH    |
| Max. pH-value in Usage Concentration              | 10.5 pH |

## Design & Patent Registration Details

|                         |                                                  |
|-------------------------|--------------------------------------------------|
| Design Registration No. | EU 003168616-0001, US D786565, GB 90031686160001 |
|-------------------------|--------------------------------------------------|

New equipment should be cleaned, disinfected, sterilised and any labels removed, as appropriate to its intended use, e.g. high risk vs. low risk food production areas, general hospital areas vs. intensive care units, before use.

1. See Declaration of Compliance for further details on food contact

3. Do not store the product below 0° Celsius.
